

Study in Offenburg

Each semester, numerous international students come to Offenburg University Department of Business and Industrial Engineering from partner institutions and many other universities from around the globe. We invite you, too, to spend a semester – or even your entire course of study – in the Black Forest with us!

Advantages of studying at Offenburg University:

- Accredited, globally recognized study programs
- Excellent lectures and seminars
- Renowned international guest lecturers
- Extensive company contacts
- Exciting excursions to globally active companies
- All-round support before and during your stay
- Modern infrastructure, including computer facilities, lunch cafeteria, library, gym and student residences

Student life in Offenburg and Gengenbach

Supporting our exchange students in all academic and practical matters is very important to us. The staff of the International Office and the contact persons for international affairs at the B+W Department will be glad to assist you in preparation for and throughout your stay at Offenburg University:

- Information on living and studying in Offenburg and Gengenbach, including our German language course offerings and help in finding accommodation, can be found on the web pages of the [International Office](#)
- Each semester, the International Office offers in cooperation with the [Graduate School](#) an eclectic Cultural Program of excursions and events specifically for international students
- [The Career Center](#) offers English-language application trainings for international students

Anna Sukacheva, MBA Student of International Business Consulting

”

"MBA IBC study at the Offenburg University was one of the best and most important experiences in my life. The international group of fellow students has provided me with amazing experience on cultural diversity, the Professors have brought the knowledge based on the real businesses, the study program was challenging but providing useful and handy knowledge. The University is located in a quiet, yet incredibly beautiful part of Germany with great transport connections which allows on the one hand to enjoy the almost family atmosphere of the University and on the other hand to explore the beautiful surroundings and easily travel around."
