

## Courses

Ready to spend a semester abroad, gaining new valuable experiences and learning first-hand about a foreign country? Start planning now!

### English-taught courses:

Several English-taught courses are offered every semester (see below). Please note that some of the courses offered may still be subject to change.

In addition, every summer semester (March-July) we offer a compiled 30-ECTS program "E-Commerce Management and Logistics".

Further information can be found on the [TOPterm programme website](#).

### German-taught courses:

Students who have completed at least level B1 German can attend any course of the regular study programmes at Offenburg University.
